CUB CLUB!

FOR 5-7 YEAR OLDS

PANDA PARTY

July 12-16
Mon-Fri
9am-12pm

Let's celebrate the arrival of our new zoo ambassadors, the Red pandas. This week we will learn about pandas, make panda crafts and plan the first ever "Panda Party" to welcome our new zoo friends.

Clever Canids!

Aug 2-6
Mon-Fri
9am-12pm

What is a Canid? Well, it's a dog, wolf, fox, jackal and a coyote! Let's explore this amazing family of mammals. The Zoo's star foxes— Farah Foxett and Phoenix— will surely want to join in the fun.

wonders of water

Aug 16-20
Mon-Fri
9am-12pm

Water is a wondrous thing! As a matter of fact, we could not live without it! This week we will explore the amazing animals that live in and around the water.

Jr. Zookeepers

...for 8-11 year olds

Pandamonium

July 19-23, Monday-Friday, 9am-12pm

Red pandas and Giant pandas both belong to the order Carnivora, yet they eat bamboo. Spend the week exploring these amazing animals, as well as their close relatives. We will also create some special enrichment treats to welcome our new Red panda arrivals.

Pampering the Primates

Aug 9-13, Monday-Friday, 9am-12pm

What makes a primate a primate? How come Lemurs are only found in Madagascar? Join us in our most popular Junior Zookeeper class. This week we explore the world of primates and make enrichment treats for our primate ambassadors.

From Dinosaurs to Dodos

July 26-30, Monday-Friday, 9am-12pm

Is a Velociraptor really a chicken's distant relative? Are alligators really living fossils? Why do birds lay eggs and have scales on their feet? Come spend the week cracking open the mysteries of dinosaurs, reptiles and birds and how these very different animals may be closer kin than you think.

Forest Explorers

July 26-30, Monday-Friday, 1pm-4pm

Come join us this week for fantastic forest fun as we explore Sequoia Park and the animals that live within the redwood forest. We will be making special treats for our forest friends that live in the zoo, as well as searching for hidden treasures in the famous Forest Explorers treasure hunt.

WATERWORLD

Aug 9-13, Mon-Fri, 1pm-4pm

Animals around the world depend on water. This week we explore water around the world, from the deep oceans to the streams in our backyard Sequoia Park. Activities include meeting and feeding some of the Zoo's watery friends and a stream study in the park.
